ABOUT ME

As a seasoned software engineer with expertise in both front and back-end development, I bring a comprehensive understanding of the software development lifecycle. My experience spans Fullstack Development using the LAMP, and Senior Frontend roles, with a focus on creating user-centric web solutions. Skilled in JavaScript, Vue, React, and eCommerce platforms, I excel in delivering tailored projects that align with diverse business objectives. I am recognized for my analytical skills, adaptability to new technologies, and a collaborative approach, ensuring successful project outcomes.

SKILLS

JavaScript	Restful API, GraphQL
Vue	CMS Integration (Wodpress)
React	E-Commerce Platforms (Shopify, WooCommerce)
Node.js	
HTML & CSS	Web Performance Optimization
CSS Preprocessor (Sass, Less)	Cross-Browser Compatibility
Version Control (Git and Github)	Attention to Details and Precision
Task Runners (Gulp, Webpack)	Collaborative Problem Solving

EMPLOYMENT HISTORY

Sep 2023 — Present

Senior Software Engineer (Frontend), Accenture
Houston - Remote
